

Tacugama Chimpanzee Sanctuary is looking for Media Volunteers!

Tacugama Chimpanzee Sanctuary is the first and only sanctuary in Sierra Leone for orphan chimpanzees.

Western Chimpanzee (Pan troglodytes verus)

In order to continue supporting the rescued chimpanzees, Tacugama works on different fundraising strategies. However, for these strategies to be effective Tacugama requires high-quality media (images, videos, audio jingles, reports & graphics, poster and billboard designs, social media posts, etc.) that can resonate with viewers and encourage their support. In addition, Tacugama also uses high quality media for outreach campaigns to raise awareness about the importance of protecting Sierra Leone's National Animal, the Chimpanzee, and conserving our environments.

Therefore, Tacugama is looking for a creative, professional, open-minded media intern to help the sanctuary develop different media resources.

The selected person(s) will be able to develop their professional skills or simply provide a helping hand to Tacugama Chimpanzee Sanctuary.

Interested applicants should email conservation@tacugama.com.

With Regards,
Tacugama Team

Please note this is an unpaid position.
